

Try Pewter Casting

A hands-on experience to add to your event

Give your guests the opportunity to experience the excitement of casting molten pewter and create their own keepsake to take home.

Working in small groups, participants prepare a ready-made mould, safely pour molten pewter under Fleur's guidance, then file and finish their casting before it is polished and ready to take home.

Approximately 20-30 minutes of hands-on making per participant.

CAST.
FINISH.
TAKE IT HOME.

HOW IT WORKS

- Prepare a ready-made mould
- Pour molten pewter
- Reveal your casting
- File and smooth by hand
- Barrel polish
- Take home your finished piece
